

What is OWL?

Our Whole Lives is a series of sexuality education curricula for: grades K-2, grades 5-6, grades 7-9, grades 10-12, young adults (ages 18-35), and adults. **For the school age workshops, the parents teach at home and then concepts are reviewed in class.**

Our Whole Lives helps participants make informed and responsible decisions about their sexual health and behavior. It equips participants with accurate, age-appropriate information in six subject areas: human development, relationships, personal skills, sexual behavior, sexual health, and society and culture. Grounded in a holistic view of sexuality, *Our Whole Lives* not only provides facts about anatomy and human development, but also helps participants clarify their values, build interpersonal skills, and understand the spiritual, emotional, and social aspects of sexuality.

Our Whole Lives (OWL) Values:

- Self-Worth
- Sexual Health
- Responsibility
- Justice and Inclusivity

In eight one-hour workshops, plus two mandatory meetings, OWL models and teaches caring, compassion, respect, and justice.

It helps children in grades K-1 identify their attitudes, values, and feelings about themselves, their sexuality, and others' sexuality with age appropriate curriculum. Parents are welcome to attend any or all of the workshops with their children.

The HomeLinks feature opens lines of communication between parents and children. This allows parents to be actively involved as their children explore values, communication and decision making.

OWL is a secular curriculum; it contains no religious references or doctrine. It has been used successfully in a variety of settings, including classrooms, after-school programs, religious organizations, and youth groups. The curriculum covers topics and skills that schools are less likely to cover, despite parent and youth interest.

Our Whole Lives Offers:

- Honest, age-appropriate answers to all participants' questions
- Activities to help participants clarify values and improve decision-making skills
- A safe and supportive peer group
- Acceptance of diversity
- Encouragement to act for justice
- Affirmation of parents as the primary sexuality educators of their children
